Regarding prices...

Should you feel that some of our prices are too high, please consider the costs involved in producing, storing, processing and shipping orders in terms of both personnel and material. The prices are charges that enable our publication service to work on a self-supporting basis. In the interest of our members this is necessary to avoid using membership fees to subsidise our general publication service. ICLEI members receive one free copy of each ICLEI publication.

Why not consider joining ICLEI and taking advantage of all benefits enjoyed by ICLEI members?
